DENTAL INSURANCE

Facts you should know

Dental insurance is rapidly playing a larger and larger role in helping people obtain dental treatment. Since we strongly feel our patients deserve the best possible dental care we can provide, and in an effort to maintain the highest quality of care, we would like to share some facts about dental insurance with you.

FACT #1 - Dental insurance is NOT meant to be a PAY-ALL. It is only meant to be an aid.

FACT #2 - Many plans tell their insured that they will be covered “up to 80%” or “up to 100%”. In spite of what you are told, we’ve found some plans only cover about 40% or 50% of an average fee. Some plans pay more and some plans pay less. The amount your plan pays is determined by how much your employer paid for the plan. The less they paid for insurance, the less you will receive.

FACT #3 - It has been the experience of many dentists that some insurance companies tell their customers that “fees are above the usual and customary fees” rather than saying to them “our benefits are low.” Remember, you get back only what your employer puts in – less the profits of the insurance company.

FACT #4 - Some routine dental service are NOT covered by insurance carriers.

FACT #5 - We anticipate payment from the patient’s insurance company within six weeks of the date of billing. After that extended period of time, any balance becomes the patient’s responsibility. If and when the insurance company pays beyond this extended period, the patient will be reimbursed promptly by our office.

Please do not hesitate to ask us any questions about our office policies. We want you to be comfortable in dealing with these matters and we urge you to consult us if you have any questions regarding our services and/or fees. We will fill out and file insurance forms at no charge. We will do all we can to assure you of maximum benefits.

If you have any questions regarding your insurance, we ask that you contact your insurance company for the specifics and details of the plan it is conducting in your behalf.
